

**TECHNISCHE DATEN:**
**Aufbau**

|                  |                     |
|------------------|---------------------|
| Winkel           | Zinkdruckguss       |
| O-Ring           | Nitrilkautschuk NBR |
| Anschlussgewinde | Pg, nach DIN 40430  |

**Eigenschaften**

- Einsatz in Installationsbereichen mit engen Platzverhältnissen durch kompakte Baumaße
- Temperaturbereich -20 °C / +100 °C  
Schutzart max. IP68  
abhängig von der Kombination mit anderen Komponenten

**TECHNICAL DATA:**
**Configuration**

|                   |                      |
|-------------------|----------------------|
| Elbow             | Zinc die-cast        |
| O-ring            | Nitrile rubber NBR   |
| Connecting thread | Pg, as per DIN 40430 |

**Properties**

- for application in installation areas with small amounts of space due to construction dimensions
- Temperature range -20 °C / +100 °C  
Protection grade max. IP68  
dependent on the combination with other components

**Merkmale**
**Characteristics**
**Anschlussgewinde Standardlänge**
**Connecting thread standard length**
