### Identification

|                             |                              |
|-----------------------------|------------------------------|
| Category                    | Hoods/Housings               |
| Series of hoods/housings    | Han <sup>®</sup> HPR EasyCon |
| Type of hood/housing        | Protection cover             |
| Description of hood/housing | for carrier hoods            |

### Version

|                      |                                               |
|----------------------|-----------------------------------------------|
| Locking type         | Screw locking                                 |
| Size                 | 34 HPR                                        |
| Field of application | Hoods/housings for harsh outdoor environments |

### Technical characteristics

|                                        |                                |
|----------------------------------------|--------------------------------|
| Tightening torque                      | 6 Nm Protection cover          |
|                                        | 15 Nm PE screw                 |
|                                        | 6 Nm Fixing screws             |
| Limiting temperature                   | -40 ... +125 °C                |
| Degree of protection acc. to IEC 60529 | IP65                           |
|                                        | IP68                           |
|                                        | IP69 / IPX9K acc. to ISO 20653 |

### Material properties

|                         |                          |
|-------------------------|--------------------------|
| Material (hood/housing) | Aluminium die-cast       |
|                         | Corrosion resistant      |
| Surface (hood/housing)  | Powder-coated            |
| Colour (hood/housing)   | RAL 9005 (jet black)     |
| RoHS                    | compliant with exemption |

Pushing Performance

## Material properties

|                             |                                                                                                                                                                                                                                                                                                                                       |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| RoHS exemptions             | 6(a) / 6(a)-I: Lead as an alloying element in steel for machining purposes and in galvanised steel containing up to 0,35 % lead by weight / Lead as an alloying element in steel for machining purposes containing up to 0,35 % lead by weight and in batch hot dip galvanised steel components containing up to 0,2 % lead by weight |
| ELV status                  | compliant with exemption                                                                                                                                                                                                                                                                                                              |
