

Round Cable Stripper

Basic data:

ID	0001630007
GTIN	7630268415600

Features:

- The round cable stripper enables fast and convenient stripping of all common round and wet room cables with a diameter of 6.0 -13.0 mm, e.g. NYM cables 3 x 1.5 mm² to 5 x 2.5mm².
- Adjusting the cutting depth manually is not necessary.
- The new working range is also suitable for smaller wire diameters from 6 mm, such as 3 x 0.75 mm².
- Particularly comfortable to use with the ergonomic handle shape.
- The distinctive handle of the round cable stripper ensures a safe and non-slip grip. This helps to make daily work easier and also improves work safety.
- The rounded and space-saving tool head perfectly matches the modern wall box geometry and the longer shape makes access even easier when stripping in deep-set cavity wall boxes and spaces difficult to reach.
- Due to the new blade arrangement, clogging of the electro-galvanized knives caused by residue of cable sheaths is prevented.
- For possible small series or for producing wires with the same strip length, a length stop is integrated in the housing.
- A fastening clip ensures safe storage of the tool.

Technical data:

Strip range diameter:	6 ... 13 mm
Exchangeable knives:	Yes
